- Juicers

COLLECTION POINT GO NATURAL

Somerset West

Go Natural is the culmination of an incredible healing journey undergone by the founder Johan Jacobs. Being diagnosed with debilitating Multiple Sclerosis, despite being fit, healthy and in the prime of his life, led Johan into a deep exploration of how we can truly create and sustain vibrant health in our lives, just like our ancestors did.

At Go Natural you will find the various products Johan used to bring himself back to optimum health. Top quality water purifiers, fresh flour stone mills and grain rollers, juicers, sprouters, dehydrators are all there to make healthy living practical, available and most importantly affordable in your home. A visit at Go Natural will include in-depth advice on how to really make the most of the equipment.

You will also find carefully selected books and DVD's on health and nutrition, as well as organic nuts, seeds, grains, dried fruits, etc – and your weekly ethical Co-op organic box.

For anyone for whom health is a priority, Go Natural is a one-stop outlet to gear your kitchen up with top quality healthy living equipment and food to get you on the road to making delicious food and vibrant health.

**Each shop that offers to be a collection point for us, does this free of charge, thus helping make our organic food an affordable reality for everyone. In the spirit of mutual support and sharing, we offer them our site as a platform for linking back to the greater organic community. So, if you like what you see, go visit them, support them, and spread the word!
